Faith WITH *Works*...**WORKS!!!**

Hi this is Elliot Odle... boy am I excited about what's in store for you, this is all about how you make your faith actually work... However I'd just like to give a word of warning before I begin. What is going to be said here, might not be popular. You see I don't care about what's popular, I'm interested in what's effective and gets results for you...

Have you ever been standing in faith believing & waiting for a promise in the Word of God to come to pass? Waiting and waiting some more, you're frustrated waiting around nothing is happening. So in the hope to find inspiration and encouragement you go to your Pastor and they tell you "Keep standing it must not be due season... or maybe it just isn't God's will..." But then you go back to The Word and it says it right there, so it must be God's Will. And then you begin to think that this is just a cop out saying by ministers when they don't have the answers to your questions.

You may even spend countless amounts of money ordering product offerings by a ministry hoping that, "THIS WILL BE THE ONE that will bring me what it promises" and you hope by hearing or reading the message it presents that your life will be transformed and your circumstances will change. Then it finally comes in the post, in excitement you rip off the packaging and devour it, you feel so good, you have a spring in your step, you review it and you get excited every time you listen to it, you even hear something you never heard before. Yet the circumstances around you don't change, eventually that product becomes a decoration on the shelf along with the others, you thought would bring change.

In further depression, you go to turn on Christian television channels and here comes a desperate ministry desperate for money to continue with their broadcast on the air, telling you, "Hey if you sow into this ministry. God will pour a blessing out upon you, the seven fold anointing of this, or that, sow \$1,000 and we will send you this holy water and when you pour this on your wallet, you will have supernatural increase. This time next year, you won't recognise your life, you will be debt free. For those who sow \$10,000 you will be a millionaire..."

Then they show you a few testimony's of people who did this and it worked. So you get excited and feel coerced, even guilty in some cases about not obeying what this minister claims is God's instruction to one person wearing a green sweater (Which could well be 300 people and you think it's you they are talking about, when 30 other people thought it was them to) and you are manipulated into sowing your seed, when The Bible made it clear in 2Corinthians9:7 that, "Every man **according AS HE purposeth in his heart**, so let him give; not grudgingly, or of necessity: for God loveth a cheerful giver." But your situation is desperate and in the hope that something will happen for you. You give an offering and things stay the same...

What went wrong? You did all the things they told you to do, yet you see no result?! Oh it must not be your due season they tell you...

If you are wondering why you give a big offering and never see a harvest of the seed proportionate to the seed you sowed. It is more than likely that you gave with the wrong motive. It was just so that something can happen for you. You gave looking for a blessing. If they didn't tell you about all the blessings you would get for giving you wouldn't have given in the first place. The most common scripture used by ministries after your wallet is Mark10:29-30 where Jesus is quoted saying, "Assuredly, I say to you, there is no one who has left house or brothers or sisters or father or mother or wife or children or lands, for My sake and the gospel's, who shall not receive a

Faith WITH *Works*...**WORKS!!!**

hundredfold now in this time—houses and brothers and sisters and mothers and children and lands, with persecutions—and in the age to come, eternal life.”

Now here's where people get caught, truth is mixed with error, the thing is, the principle is sound, Jesus is not a liar, it's true Jesus said what you **LEAVE behind and give up for His sake and the gospel's** you will receive many times what you left now in this life time. HE doesn't promise what you give comes back 100 fold if you give TO the gospel. He promised that when you give up FOR Jesus sake and the gospels. Not **to** the gospel **for** YOUR sake... of a blessing.

It's when you genuinely give for Jesus sake and the gospel that you see results from your giving. And really in Mark 10 Jesus wasn't actually talking about those giving an offering. He was talking about those who have actually left... ALL behind to follow Him, to do His work! These are they who are entitled to receive many times, what they left! In this life with persecution! They will have houses and lands for their ministries and mothers, sisters and brothers in Christ!

I have gone into far more detail about this in “[How To Increase Your Capacity To Receive From God For God](http://www.godanswersyes.com/increase.html)” if you read the transcript accompanying this audio recording you will see the link to the web page where you can learn more about this www.godanswersyes.com/increase.html

But back to the subject of giving offerings! The true spirit of giving, is not as you are coerced by someone else to give, but as you purpose to give in your heart, God loves a cheerful giver.

If you are wondering why I'm talking about this? It's because I'm trying to uproot any false concepts in you, by reprogramming your heart back to the godly **sincere** motives, so you can be effective in working with Jesus Christ AND represent Him to the World correctly, it's not all about personal gain. It's about using the power of Christ to empower yourself to serve selflessly His Righteous cause and serve others until He comes to meet you in the air Amen.

Now there is nothing wrong in spending a lot of money on products, to better yourself for the use of The Kingdom. There is nothing wrong in giving a huge offering. But don't give another offering to God without the correct and sincere motive for doing so. And if you have been spending a lot of money on bettering yourself don't spend another penny until you hear this...

This is the story of countless believers in Christ. Full of hope, yet they have no hope at all, they went to their graves, believing for something, that never came to pass. They didn't give up either, they truly believed what they believed would happen... But it didn't, then someone says, “**See this faith stuff doesn't work.**” Well God is not a man that He should lie!!! He said, if He promises something He WILL do it! But if the result desired wasn't obtained someone has to be responsible and must resolve to correct their errors! “The Lord is **not** slack concerning his promise...” (2Peter 3:9)

So if you are someone who tried faith and you didn't get the result, you were after, may I suggest the problem doesn't lie with God, as He is faithful, watching over His word to perform it... And building on that, let me ask you a question; “**Was it the faith stuff that didn't work, or is it you who didn't work the stuff?**”

Let's end this confusion and frustration once and for all. I believe I have the missing piece to the puzzle and it is just one piece. This will seem so obvious that some will over look it. Simple small things seem insignificant, but small changes make BIG

Faith WITH *Works*...**WORKS!!!**

differences. In most believers' faith, there is one thing, just one piece missing in their puzzle to success.

This is the one thing that many ministries today, neglect to tell you and if they do tell you, they only mention it very briefly. It's not that they are trying to hide something from you, they have a good intentions a lot of the time. But good intentions doesn't mean successful results. They tell you half the truth. They are not inaccurate, but they are incomplete. They may touch on this one thing but rarely put enough emphasis on it, for it to be perceived as important and this one thing is a vital element to the equation, for anything you believe to come to pass.

You can be walking in love, be holy, speak the right words over your life, call things that that be not as though they were... Listen! Doing all the right spiritual things neglecting this one thing, I don't care about all that other stuff, without this one thing constantly happening in your life, that only YOU can make happen, nothing you believe will ever come to pass EVER!!!

Here at *Kingdom Advancement International* we are not in the business of messing about, we want real results for real people. We provide the RIGHT stuff that will guarantee results, that's why we have a money back guarantee on everything we offer, we don't want to take or keep money, *your* money if we don't deliver in giving you what you need to get the results YOU want. We don't give half hearted watered down incomplete messages that will bear no fruit. You may have been **STANDING** in faith without a breakthrough for years and I am 100% positive what I am about to share with you is THE reason why.

We stand in faith, I have nothing against standing in faith and not being moved by external circumstances. What I have a problem is standing in faith and doing JUST that... Standing... There is nothing wrong with standing, but we got the idea into our head that standing means you can stand STILL... Expecting something to happen.

Yes we stand but we don't stand still, The Bible says "...we **walk** by faith not by sight. What was that? WALK!?! When you walk are you not standing up? You can stand and walk at the same time. If you are going to **STAND** still, you may as well **SIT**. Standing still is like waiting for your destiny to come to you, you have to walk to it, walk **BY** faith.

Check out what James 1:22-25 says, I love this, it says, "But be ye **doers** of the word, and **not** hearers only, deceiving your own selves.

For if any be a hearer of the word, and not a doer, he is like unto a man beholding his natural face in a glass: For he beholdeth himself, and goeth his way, *and straightway forgetteth what manner of man he was.* (There was no point looking in the mirror, if he was gonna straightaway forget what he looked like. Likewise there is no point in hearing The Word if you ain't gonna do it, because it won't benefit you.)

Verse 25 But whoso looketh into the perfect law of liberty, and continueth therein, he being not a forgetful hearer, but a doer of the work, **THIS MAN SHALL BE BLESSED IN HIS DEED.**" (Allow me to give you my understanding of this, whoever looks into the principles of the perfect law of freedom and is an obedient continuous doer of the corresponding actions to the perfect law, this persons actions **WILL** be **BLESSED** with the manifestation of whatever promise they believe...)

THIS IS SO SIMPLE... yet so profound and makes ALL the difference.

Faith WITH *Works*...**WORKS!!!**

Dead is work without faith and faith without works is dead, therefore faith with works is ALIVE... **Faith WITH works...WORKS!!!**

Always remember faith without works is dead. So when you make requests to God concerning His promises, ask in addition for the wisdom to know what works you can begin doing, so your faith is not dead, **but alive and in momentum to bring about manifestation.**

If you want to ensure you have a **DEFINATE** 100% probability of getting results from your faith, you need something to work with. Some people are without hope and don't even realise it, they don't give God anything to work with... Excuse me for bursting your bubble but before you float away into La La Land and meet the Cheshire Cat, I'd like to bring something to your attention.

$$0 \times 0 = 0$$

(No Faith x No Works = NO Results)

We know that but sometimes we have faith in place without the works. Work is the petrol in the vehicle towards manifestation, otherwise your sitting there hands on the steering wheel, in gear pushing the accelerator, with your petrol gage telling you you're empty, you ain't going nowhere.

Now most people including yourself would say how stupid can you be to try and drive a car without petrol? But yet so many of us are sitting in the driveway pushing the accelerator, with the audacity to be angry, when we are the ones not bothering to put petrol in the tank. You can blame the car, the car manufacturer, the weather, the kids in the neighbourhood you thought were tampering with your car, but you are the one who needs to take the responsibility to put petrol in the tank of your car, push the accelerator and get moving.

When you have The Word without works, the element of faith is there, but it is laying dormant without the energy to produce any fruit. Works is really like the sap from the branch of a tree which produces fruit.

$$1 \times 0 = 0$$

(Faith x No Works = NO Results)

Something multiplied with nothing still equals nothing. No matter how big the something is. It's kind of like being obese and you begin praying that you balance out. And you sit there expecting to get the right balance, without actually doing any of the practical things. Whether it be making, changes to your diet or doing some exercise. Yet you sit there saying, "I believing God I will be slim..." I don't think so...

$$1000,000,000,000^2 \times 0 = 0$$

(BIG STRONG FAITH x No Works = NO Results)

It's much better to have a small measure of faith with action, than a large measure of faith with no action.

$$1 \times 1 = 1$$

(Faith x Works = **RESULTS**)

$$100 \times 100 = 10,000$$

(Fully Persuaded Faith x Continuous Action = **BRILLIANT RESULTS**)
You get the drift...

Faith WITH *Works*...**WORKS!!!**

“...According to **YOUR** faith be it unto you.” (Matthew 9:29) Jesus said to the woman who took action & touched the hem of his clothes, “**YOUR** faith has healed you...” **YOUR FAITH...** Still on the train of thought that faith without works is dead, it can be said according to YOUR corresponding action to God’s Word be it unto you.

Faith isn’t waiting around waiting for “things” to happen. Faith is action happening *causing* “things...” Faith isn’t idle waiting saying, “*I’m believing, I’m believing, I’m believing... I believe, I have received... Now I’m just waiting for my breakthrough, Amen Praise the Lord.*”

Faith IS being in action, EXPECTING your efforts to bare fruit because you believe what God said about you in His Word. Action is proof that you believe, because you’re acting on what God said. “What doth it profit, my brethren, though a man say he hath faith, and have not works? can faith save him? If a brother or sister be naked, and destitute of daily food, And one of you say unto them, Depart in peace, be ye warmed and filled; notwithstanding ye give them not those things which are needful to the body; what doth it profit?”

Even so faith, if it hath not works, is dead, being alone. Yea, a man may say, Thou hast faith, and I have works: shew me thy faith without thy works, and I will shew thee my faith by my works... Ye see then how that ***by works a man is justified, and not by faith only.*** James 2:14-18, 24 WOWWWW!!!

So by showing your works, you prove to God you believe Him and it is impossible to please God without faith. Therefore it is impossible to please God without action. James 2:24 CEV says, “*We please God by what we do and not only by what we believe.*”

You Show your faith ***by your works.*** You don’t wait for your destiny to come along, you make your way to it. When an obstacle gets in the way (YOU) ***make*** YOUR WAY, through it. There is no better time than the present to get moving! Waiting for the perfect circumstances, is like waiting for the waves in the ocean to cease before you get in to swim, you will be waiting forever.

The waves in the ocean can be any number of things, but they are categorised under one word called, “EXCUSE...” You either make excuses or progress never both so choose. ***If you chose progress then you give up the right to make excuses. If you choose excuses you give up the right to make progress.*** Which do you prefer?

Today we live in the, “name it, claim it,” “confess it, possess it” age. Now there is nothing wrong with claiming something as yours, or speaking those things which be not as though they are (Romans 4:17). I still encourage you to do those things. It is perfectly Biblical to say something, because you believe it and it will come to pass. 2Corinthians 4:13 confirms that it says, “*We having the **same** spirit of faith, according as it is written, I believed, and therefore have I spoken; **we** also believe, and therefore speak;*”

Mark 11:23 says and I’m paraphrasing, “...That whosoever shall say (anything)... and shall not doubt in his heart, but shall believe that those things which he saith shall come to pass; he shall have whatsoever he saith.”

However don’t fall in the trap of just saying The Word without any corresponding actions to support your faith in The Word of God...

Faith WITH *Works*...**WORKS!!!**

All these people saying, just claim that you're wealthy and you will be wealthy is nonsense. Without getting into action at some stage, you have no right to say all those things if you aren't going to DO something. Because then you are just idly speaking words. We will be judged for every idle word we have spoken (Matthew 12:26).

God has only promised to bless the work of your hands, not the mere imaginations in your mind. But if you have imagined a future state God will help you have a physical replica of the image in your head, if you will work with God. This is a team effort. You can't just speak words and then say Oh I'll leave it all up to God. Work with God for God as unto God.

1 Corinthians 3:8-9 Says, "Now he that planteth and he that watereth are one: and every man *shall receive* (his own) reward *according to his own* labour. For we are labourers together with God: ye are God's husbandry, ye are God's building."

The Amplified Bible says, "He who plants and he who waters are equal (one in aim, of the same importance and esteem), yet each shall receive his own reward (wages), according to his own labor. For we are fellow workmen (joint promoters, laborers together) with and for God; you are God's garden and vineyard and field under cultivation, [you are] God's building."

We are responsible for our own rewards in life. YOU reap what **YOU** sow, if you sow bountifully you reap bountifully you will reap bountifully (2 Corinthians 9:6). Your rewards in life are ultimately up to and determined by you. **Not** God. Many are waiting for God to show up and He has shown up and He showed up to tell you to WORK.

God is willing and ready to promote anybody who shows themselves faithful in little things so He can put them in charge of much. Because to whom much is given much is required. (Luke 12:48) If you meet much requirements you will be given much to govern.

We push too much of OUR responsibility on God and it's the easiest thing in the world to say, "Oh I'm trusting in God and if it's His will, it will happen." With this attitude many things that **are** God's will... never happen because everybody is sitting around waiting for God to do something.

And then when it doesn't happen we think it must not be God's will. You wanna know what God's will is? It's in the scripture look it up, the scripture will happen, when YOU do your part, to **make** it happen. And it won't happen until you do. It's all over the Bible.

God says, believe what I say and according to how you **react** to what I say, I will back your actions with manifestation. I will provide the favour and grace and relationships and everything you need. But I need you to do one thing **act...** Hesitation is the key to all failure.

We need to rid ourselves of the ideology, that we can have and be everything we want **by just claiming** we ARE what we want to be or that we have what we want to have and sit there waiting for it to come along some day, with little effort on our part... Leaving it up to God and the angels.

Faith WITH *Works*...**WORKS!!!**

We have been misled to believe in false fantasies. That you can just sow a seed into a ministry and then out of the blue somebody will randomly come up to you and write you a 7 figure cheque and make you a millionaire, that my friend is a fantasy. You will be waiting forever. If you want to be a millionaire and stay a millionaire you have to behave and act like one.

Because even if someone did by some odd rare chance write you a cheque for a million guess what, if you don't behave like a wealthy person, you won't stay wealthy long.

God said show yourself faithful in small things then you can be in charge over much (Matthew 25:21). So explain to me how buying lottery tickets and scratch cards or just sowing into a ministry (For your own benefit) will make you wealthy.

You still haven't proven to God you are faithful with what you currently have.

Remember you reap your rewards according to your own labour. By the way the chances of winning the lottery are 1 in 14 million. The chances of you being as wealthy as you want to be by your co efforts with God's are 1 in 2. They are 1 in 2 because you either choose to do so or not. Money is the reward for solving a problem either by a product or rendering a service. Attempting to get money without providing service to solve people's problems, is a fantasy and is in vain.

I watched a DVD called "The Secret" if you haven't seen it, you have most probably heard of it. It talks about the law of attraction and how you can visualise something and it will come to you. Parts of it were good and congruent with Christian principles some things said weren't! I'm not recommending you to go and watch it! The Bible outlines a much more effective system!

Although this DVD was good in parts, especially the part where they spoke about cultivating an attitude of gratitude, which puts you in a better mood, overall you will be more healthy and your entire outlook on life will be different. The one thing they should have put more emphasis on was taking action, they mentioned it, but it was very briefly, the main emphasis was on thinking and visualising, how you want to live.

My friend visualising/imagining something happening is a good way to stir up your faith! However, you can visualise a \$25,000 cheque coming through the mail all you want. It won't be showing up till you provide some sort of service worth \$25,000.

Money is in the hands of the people in the market place and these people in the market place will only pay for value.

The people being paid the most are those offering the best value to the largest volume of people. It's that simple. If you are not providing value to the market then you're not going to be paid. If you want to attract \$25,000 to you, it's ok to visualise having it and I think it's important that you can see yourself achieving something. But remember money is a reward for services rendered for solving people's problems.

So what you need to ask is, "How can I provide \$25,000 worth of value, solving people's problems in the market place?" And then when the answer comes DO IT!

Before learning about the spiritual realm and how it can be harnessed to work for our advantage. We used to rely solely on our own efforts and not allow the supernatural force of The Kingdom to propel our success into the stratosphere. Then we became aware of this and then became solely reliant on the supernatural realm to do **EVERY**thing with no effort on our part. We need to be employing both to be effective.

Faith WITH *Works*...**WORKS!!!**

Success is a process and the process is simple. Simple to understand but not always easy to implement, keeping it real, it can be challenging... Not everybody is up for a challenge, if they were, everybody would be, taking on challenges and experiencing success and uncommon success would be common. The saying is true nothing ventured, nothing gained, few people venture so few people gain. The Process to Success is exactly the same in any achievement, there are 3 elements to success:

1) You have to KNOW exactly what it is that you want. Because when you do, you are like a heat seeking missile aiming for a specific target. And really doing numbers “2” & “3” without #1 is sort of pointless. Well not “*sort of*” IT IS pointless. You need a vision of the End result, what is it and what will it look like?

2) You have to BELIEVE **YOU CAN** achieve it...

3) You have to Take ACTION **now...** If you get knocked back or down keep striving forward until you get what you want. Stay focused no matter what gets in your way, be it people or circumstances, and if you begin to doubt always refer back to “#2” BELIEVE you can achieve it... Then immediately go to step “3” take ACTION again...

This takes “Persistent Diligent Activity” otherwise known as “hard work” but most people don’t like the sound of that. It doesn’t matter how you refer to it as long you DO it...

Most people don’t even know element “#1” and if they do element “#2” is definitely a stretch. If you are doing all 3 then you already belong to a minute percentage of the uncommon in this world’s population.

The interesting thing is some people do “#3” They have “Persistent Diligent Activity” they work hard. But they’re working hard not knowing “#1” (what they want) or “#2” (they don’t believe they can achieve) anything great, so they just spend their lives working hard. That is such a shame. Because if they just continued working as hard as they do and started working hard at working smart by doing #1 & #2 they would live EXTRAORDINARY lives... Those we call extraordinary people are just ordinary people doing extraordinary things

The Biblical Method to Accomplishing Anything You Dream of is to:

1. Visualize exactly what it is you want to experience in life.
2. Have absolute total faith that you will experience it.
3. Take consistent unwavering action to ensure you experience it.

Build the image in your mind of what you want, and then focus on that image. And by focusing on that image, you start to have thoughts and ideas unlike any others you had before to put you on track to the materialisation of that image.

It’s important to remember this when wanting to arrive anywhere or accomplish anything...

“Start where you are...”

Use what you have...

Do what you can...”

Faith WITH *Works*...**WORKS!!!**

"I BELIEVE" + "Preparation" i.e. (Planning your work & working your plan)

=

(ANY)thing YOUR HEART DESIRES!!!

We say, "Talk is cheap..." Talk is expensive, action is cheap!!! Let me explain, talk is costly, absent of action. Action is the only investment that pays a return. Talk is alone is a price too expensive to pay. Therefore action is the only price affordable.

Jesus said, "You honour me with your lips (words) but your heart is far from me." (Matthew 15:8) We tend to do that with our dreams too. We talk about them, but don't follow through with action because our hearts are far from it.

Hoping for the best is really nothing more than wishful thinking. Hope should be supported by action. Action cures fear. Procrastination fertilises fear. Confident action develops confident thinking which provokes more confident action. Which results in results.

You've seen now that The Bible encourages us to go beyond just hearing The Word and just talking and it instructs us to be doers of The Word we hear, if we want to experience success. As long as an idea is in your head un-acted on that's all it will ever be, an idea. Don't make the mistake of waiting until conditions are ideal just start the motion.

If you are scared ask yourself the following questions, then after THINK, "Is it really worth missing out, on what I really want and dream about because of a potential *temporary* setback or inconvenience?"

After considering these 7 questions... seriously, trust me when I say, you will see no reason why you can't do anything... And you will just get a move on, taking action regardless of whatever you fear, in fact you will soon realise it is FAR MORE PAINFULL to not take action than it is to just get on with it, *study* the questions and you will *immediately* see why... If you have ever been afraid to live your dreams this will obliterate that fear into oblivion forever:

#1) If you actually did what you are planning, what is the absolute worse thing that you dread that could happen?

- Is it going to kill you?
- Would there be any permanent damage?
- Is it likely that these things would actually happen?

#2) If in the *unlikely* event what you plan isn't successful, and the thing that you dread actually happens, what could you do to rectify it?

- Could you get things back into control?
- Don't you think in reality it would probably be a lot easier than you make out?

KNOWING you are more than a conqueror...(Romans 8:37)

KNOWING God is on your side...(Romans 8:31)

KNOWING satan is a liar and a defeated foe...(John 8:44)

Faith WITH *Works*...WORKS!!!

KNOWING that because God **is** in you and you are born of His spirit you have overcome the world...(1John5:4)

#3) What are the benefits/results that you ARE actually believing will happen, which are therefore more likely to occur than what you actually dread since it's what you are planning for?

Now bare in mind God has put blessings on you, so what you set your hand to prospers eventually anyway...(Deuteronomy28:8)

KNOWING God has plans to give you a good future and prosper you...(Jeremiah29:11)

KNOWING that above ALL things God wishes you prosper...(3John2)

KNOWING that God takes *pleasure* in the prosperity of His servant...(Psalm35:27)

KNOWING that God will give you the desires of your heart...(Psalm34:7)

KNOWING when you ask it IS GIVEN...(Matthew7:7)

KNOWING *all things are possible* through Christ, Jesus...(Phillipians4:13)

- How would taking action change your external circumstances your environment, your family life, finances, your relationship with God, your faith your self esteem?
- Have people more disadvantaged than yourself in any shape or form actually pulled this off? Is there anything you have that they didn't? Then so can you, you are probably more intelligent the only difference is they took action.

#4) You may at some stage have to leave your current occupation to take this thing on. Think what you would do if you were fired from your position and finding another position elsewhere was forced upon you. (In other words if what you tried wasn't to work how you expected, how would you get back into work again to have income)

Bear in mind that your job/current position is not your source God is and has obligated Himself by HIS word to supply ALL your needs according to His resources. (Phillipians4:19) REMEMBER that your current source of income is only a stream God is using to supply your needs, your source is GOD, He just chose your current job to supply your need to you, He can switch streams and still supply your need He is not limited. Keep God as the focal point. Elijah was being fed by a brook, by a raven and then a widow, (1Kings17) Although the streams of supply changed His source was still always the same.

- So what could you do to assist God in getting another stream to supply your needs?

The Word says if any would not work let him not eat (2Thessalonians3:10). You need to do something. But don't be anxious God looks after the birds and you are worth more to him than they are so He will surely take care of you regardless. (Matthew6:26) You are His child.

#5) What are you not doing, that you know you should, but you won't because of fear? Usually the thing we fear most, is the very thing we SHOULD be doing. It is usually also something we haven't done before and so you are scared of doing what is not familiar to you.

Whatever is the worse thing that you dread happening name what it is. And just take your action anyway, the chances are anorexic-ally slim that what you dread will actually occur. What you are scared of doing most, is usually the very thing you need to do.

Get into the habit of doing things you fear, look at the good results you achieve and document them in a diary, allow each accomplishment to fill you with more confidence for doing things that scare you.

Each time you accomplish something you feared doing before, you will laugh at yourself for not doing it earlier, because you achieved what you wanted to happen. What you don't want to happen, happens rarely and when it does it really isn't that bad. And it certainly isn't worth missing out on the good you desire.

#6) What will, not taking action cost? NO sense of fulfilment, never living how you want to. Think of whatever it is that you want and come to the realisation, that you will never have it, this is the cost of never taking action. But worst is the emotional impact and God's disappointment in you, it's too much to bear, you feel miserable, depressed, negative, worthless, pathetic. Taking no action is the hugest risk of all, action is the only price affordable.

#7) What are you waiting for? Why stand ye here gazing being idle? (Matthew 20:6) Do something. If you are waiting for the perfect timing when circumstances are perfect, you have the money the time blah, blah, blah. Guess what? The *perfect* circumstances aren't going to come.

That is the trick of the enemy to make us wait so we never do anything. Just get on with it. Ask a successful person if things were ideal when they set out to accomplish something in fact don't bother, I will save you the time, the answer is NO.

Ask yourself, "Is the result I want worth it?" Not, "Is it convenient?" If it is worth it, do it. Trust me whatever you won't do, will cost you more than doing it.

It is my prayer that the Holy Spirit will remind you to come back to this whenever you need to encourage yourself to take action.

Your goal should be to make action a perpetual habit you can't shake.

The more you do it the more addictive it becomes and you just can't stop doing it, you do it without thinking, it becomes natural for you, to just take action towards your desired objective. It's like watching plants grow it gets exciting not to mention fulfilling to see yourself become more confident, efficient, effective and successful as time goes by week by week month by month, then observing your entire transition over the period of a year to see what a better person you are and how far you have come. (I have an excellent resource near completion, which is designed to organise you into the most effective & efficient action taking person, you can possibly be! Go to www.GodAnswersYes.com/2HourWorkDay.html and I will let you know when it becomes available, this is going to be more valuable than I can explain!)

Faith WITH *Works*...**WORKS!!!**

Don't let what you don't have stop you from using what you do have.

You must change your "Oh do I have to..." attitude to "YES I get to make my dreams come true, I get to lead out, I get to sow the seeds to get this thing to be successful." This is the attitude we need to have.

Often we focus on the process we have to go through, rather than the pleasure we will receive at the end as a result of the process. So we think of things as, "Oh I have to do this, then I have to do that..."

That doesn't inspire you to take action. The process is simply the bridge to your bliss enjoy the journey. Don't dread it, because it is what takes you from your mediocre existence into greatness. Think of the pleasure you will experience in getting to where you want to go and then think of the pain you will experience staying where you are.

Then go, go, go run across that bridge. Whatever you do, do it quickly. Don't hang around. Then your, "have to" turns into, "I get to" and your, "I should" turns into, "I must."

If EVERYTHING I Do Is Meant to Prosper, then How Come EVERYthing Doesn't Go My Way?

"The LORD shall command the blessing upon thee in thy storehouses, and in all that thou settest thine hand unto; and he shall bless thee in the land which the LORD thy God giveth thee." Deuteronomy 28:8

You've heard it for yourself **everything** YOU set your hand to, will be blessed AND prosper... **EVERY**-thing. Now what I discovered is that everything you set your hand to might not go the way **you** would like it to, but this doesn't mean that what you just set your hand to do didn't prosper!!!

What do you mean Elliot? Sometimes the fact that you set your hand to something and it didn't go the way *you thought* it should, actually means *it went the way God wanted it to go*. So in actual fact it did prosper, what happened was you learnt a lesson.

God told us there is a way that seems right to a man but at the end of the path is destruction (Proverbs 14:12). We might set our hand to something and at the end of that path was destruction, but God cut it short so you wouldn't be destroyed. So something not going your way, was actually you setting your hand to something that prospered.

Also sometimes we might set out to do something and we were doing it with the wrong information or inadequate knowledge and this is knowledge God would like us to learn.

If He just made everything we wanted to go our way, then we could go through life as foolish incompetent people and still get ahead, there would be no need to follow God's advice in Proverbs 8 regarding seeking wisdom. God is for us, not against us (Romans 8:31) "For I know the plans I have for you," declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future." Jeremiah 29:11 (NIV)

So How Do You Deal with Setbacks, Overcome them and Become a Victorious Conqueror Prevailing Over Every Circumstance that Ever Opposes You?

(The answer to this, is the one trait in character EVERY ONE who has accomplished anything great in life has developed...)

They start with the right way of thinking from the get go. Not I'm gonna try this and hope it works. They say, "I am going to set my hands to this and it is going to work. The Lord has decreed... if I am obedient to Him, everything I set my hand to will prosper, the work of my hands are blessed. It's not a matter of if but when."

Notice it didn't say, whatever you set your hand to will always work first time. Now that is not to say it can't or that it won't. I personally don't believe that you have to be a disaster before you can be a success.

This is where seeking wisdom comes in. You can learn from people who have already done successfully what you want to. I encourage you to seek from them what to do right and what not to do wrong. So your probability of success the first time is significantly increased. Keep knocking seeking and you **WILL** FIND the answers.

It is unlikely you will achieve major success without a single setback, but it is possible to live the rest of your life without a single defeat. Defeat is not getting knocked down by your opposing circumstances but the refusal to get up again. Being defeated is a choice.

People think they can defeat, defeat by never taking action so they won't be defeated again, not realising that, that is defeat. When you are knocked down, instead bounce up learn the lesson there was to learn.

Success and defeat are JUST attitudes, attitudes about the way you think about things, it just takes a shift in your mindset. A small shift in mindsets means a huge difference in the experienced results. All success requires of you is to be persistent and refuse to accept defeat, it is simple but it is not always easy, that's why the scripture says to whom much is given much is required.

Instead of complaining after a setback, just say to yourself, "I'm learning..." It's not taking something out of you, you aren't losing anything, it is depositing something in you.

If you will do a little research into the people you admire who are successful you will discover they got to where they are with struggles here and there but what sets them apart from the common herd is they refused to stay down. They salvaged something from every setback, which contributes to their wisdom and character today. Think of setbacks as part of your education on the road to success. You get educated on what went wrong and what not to do next time.

I can talk a lot about action but it would be dishonest of me to neglect mentioning potential setbacks may occur. They are not there to break you down, but build you up. If you didn't get the outcome you hoped for, learn. ALL things work together for good. (Romans 8:28) I want to share 2 **practical** tips with you:

Practical Tip #1

Here is where you will gain a MAJOR advantage. There are 2 factors to this tip which when combined, makes victory CERTAIN. Most people have one factor which is useful but its potency is multiplied when this other factor is applied with it.

Persistence is one, but with persistence one can be insane, trying the same thing over and over again without it working. So that brings me to the second factor which is experimentation.

Persistence with experimentation means when you experience a setback, instead of doing the same thing again, getting the same results, you try something else. A different approach to the same problem. Persistence on its own is no guarantee of success. Persisting with the wrong thing a million times is pointless.

Edison creating the light bulb is a perfect example of mixing persistence with experimentation. He changed his approach to the same problem each time. Persistence with experimentation is a sure shot guarantee for certain success.

Don't worry about changing or giving up on your goals/dreams you don't have to compromise that. Just because the way you tried didn't work, doesn't mean you have to change the goal, it just means you have to change the route to get to the goal.

Practical Tip #2

What helps is when you keep telling yourself, “***There IS a way...***” “***There is a way to accomplish this thing and God will reveal it to me...***” This not only helps you to believe, it also helps your subconscious mind to work at ways of finding a way without your conscious mind being aware of it, then all of a sudden it just pops into your conscious mind seemingly out of nowhere. Believe this will happen because when you believe no-thing shall be impossible to you.

The best way to let “the way” appear to you is to pray about it and forget about it, don’t be anxious as the scriptures warn against it, (*basically because it is difficult to hear the answer when it comes if you are worried.*) Just let go and relax, the answer will appear for certain. I can’t tell you how many times, when I’m not even thinking about the thing, I need an answer for and it turns up. I find often when my hands are wet, either because I’m in the shower or I’m washing/cleaning something.

“Trust in the LORD with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and he shall direct thy paths.” Proverbs3:5-6

“For now we see through a glass, darkly; but then face to face: now I know in part; but then shall I know even as also I am known.” 1Corinthians13:12

In all your ways acknowledge Him and He will make your way plain to you... So let’s just recap these 2 really powerful tips in a nutshell.

Tell yourself, “***THERE IS a way...to accomplish this, I KNOW God will reveal it to me...***”

And as you are ***taking*** action remember to mix persistence ***with*** ***EXPERIMENTATION...***

You ARE SURE to meet with SUCCESS...

Praise God...

Well this is the end of the audio for part1... I’ll meet with you again on part two!

(PART TWO)
RESUMED

REMEMBER: Success is not merely a series of accomplishments, it's an attitude, a way of thinking about things.

A rapid growing percentage of the world is discovering, that changing the way you think about things is the key to turning your life around. But they get stuck thinking that it's ALL about the "WAY" you think and it is... But not "ALL"... That my friend is just the start. You have to then act the "WAY" you are thinking. You can think in a certain "way" all you want, but until you act that way to, you will just be harbouring the right thoughts without them EVER coming to fruition in your life. Your physical world will never respond in being a replica of your dream until you act on it.

Faith WITH works is the only faith that is EFFECTIVE

Faith with works is what really gets the great things you hear about the SUPER / NATURAL world to get in gear and start moving everything towards you. God puts "Super" on your "Natural" works. He promised to BLESS the work of your hands... (Deuteronomy 28:8) So if you don't give much natural effort YOU put limits on the unlimited God in the amount of "Super" He can give your natural.

Scientists would describe all this as the physical and the metaphysical. The physical is what is visible the things which we can see, hear, touch, smell and taste. The metaphysical is that which we feel, such as emotions, feelings and energy. In order for you to create what you desire, you need to have both the physical and metaphysical.

The physical part of us needs to take action to make things happen for us, while the metaphysical part of us needs to do the thinking, visualising, believing faith work. It is when we combine both, that we create what we truly desire. This is why most people are frustrated they have an improper balance of the two. They rely to heavily on one or the other. Action in the physical world, as well as the energy work in the metaphysical world, need to take place in order for things to manifest.

You only produce to the exact level that your production rate is set to. The combination of how you think and act determines, what is being produced in your life. If your level of productive output in both your mindset and actions means you always end up not having enough money to pay the bills, guess what? You won't have enough money to pay the bills.

Now, let's say that you are in at the level where you produce in your mind and actions enough money for bills. Even if you don't have enough right then, you will attract a way to have enough money for the bills. It may manifest in money itself, or in an idea on how to create the money, if it's an idea it MUST be acted on. So if you want abundance begin outputting the efforts necessary both in mind, faith and activity.

Now that doesn't necessarily mean working harder, it could be working smarter. To work smarter, you need to empower yourself with more skill, so you must be a seeker of wisdom, when you are, you discover the most efficient ways to produce the highest outcome. You are only limited to the limits you put on yourself.

If you haven't read The Bible I recommend you read it, it really has some great timeless truths in it, that will change your life when you apply them. It's the best selling book in the WORLD in history!!!

Faith WITH *Works*...**WORKS!!!**

It has numerous timeless pearls of wisdom, I mean just listen to some of the things it says, "He who works his land will have abundant food, but the one who *chases fantasies* will have his fill of poverty." Proverbs 28:19

"Wealth *gotten by vanity* shall be diminished: but he that gathereth by labour *shall increase.*" Proverbs 13:11

"He that hasteth to be rich hath an evil eye, and considereth not that poverty shall come upon him." Proverbs 28:22

This is just brilliant stuff. It just nullifies man's fancy ideas you hear today, these teachings that suggest that by some supernatural means blessings shall be upon you and make you wealthy with no effort other than sowing seed into a ministry, are Satan's ploy truth mixed with error to keep you in poverty.

Knowing what the scripture says about wealth and constantly quoting it, will not bring you into wealth on its own. I know this because I was in that rut for a few years. Things started happening when I started acting on what I knew. Men's false ideologies do not share the same merits as what The Bible teaches, especially if you plan on becoming wealthy.

The things being taught by these ministries are false. The things they are telling you to do are things God hates and anything God hates leads to poverty. They are suggesting fantasies and when you chase them you will have your fill of poverty. If you look in Proverbs there will be a lot said about what makes you wealthy and what makes you poor. The things that make you wealthy are all things that God loves and wants in terms of your character and behaviour. Wealth is a byproduct of behaving God's way.

God is not going to get somebody out of debt who behaves irresponsibly with their finances. Even if He was to get them out of debt, they would end up in debt again because of the way they behave. God won't get them out of debt, in fact He can't because He is bound by His word. He has already set laws in place that dictate what will happen if you are irresponsible. God will only increase those He can trust, you can't trust a fool.

Here is another one for you, "He that loveth pleasure shall be a poor man..." ([Proverbs 21:17](#)) In other words, He who can't live within his means (he spends as much as he earns and then whatever he can borrow to satisfy his pleasures) shall be a poor man. I can take you out of debt time and time again but you will keep going back into it if you love pleasure. If you want to be out of debt you have to change and become responsible.

The reason most people are in debt are because they love pleasures and they just "have to" gratify themselves. So they will borrow money for things they don't "need" but "want" then they say, "God get me out of debt, I'm sowing this seed to be debt free" What ever happened to sowing to further the work of the gospel?

Now everybody is being taught to give, to get, sow this seed if you want a house or a car or to be a millionaire. Giving is perfectly biblical but not in that selfish spirit. The giving that ends up in a harvest for you, is giving for the benefit of somebody else. Not just giving to somebody in hope that you will get a blessing for giving to them. That is selfish. It will not work.

Faith WITH *Works*...**WORKS!!!**

There is nothing wrong with giving for the benefit of somebody else knowing that God blesses a generous giver and will make them rich. He promised that He would, but He can only do that for those whose motives are right.

Don't just take my Word for it, the problem today is we just take people's word for everything and we don't bother to check for ourselves to authenticate their words against scripture. See for yourself from the Bible, that what I say is true "And if ye lend to them of whom ye hope to receive, what thank have ye? for sinners also lend to sinners, to receive as much again.

But love ye your enemies, and do good, and lend, hoping for nothing again; and your reward shall be great, and ye shall be the children of the Highest: for he is kind unto the unthankful and to the evil.

Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be measured to you again." Luke6:34-35,38
Do You SEE? Your reward will be great, when you give to confer benefit for OTHERS, not when you give TO others for the supernatural gains it will bring for yourself. That is not giving at all...

Oh I'm not finished with the fantasies yet, there are a few which need to be addressed in order for us to becoming effective in faith.

~

Living in Poverty or wealth is a choice and it's not God's choice for you, it's your choice. He said, "I set before you life and death, blessing and curses (and just in case you were to stupid to make the best choice, He said,) therefore choose life..." (Deuteronomy30:19)

God gives the choice TO you, He doesn't choose FOR you, He sets a choice before you, the only thing He chose is what happens when you go down the root you take by pre setting laws, laws that cause poverty or wealth... However they are complied with determines your results. He said you choose not Him, so choose, the choice is entirely yours. Isn't it interesting that all the things He wants you to do all have the consequences of blessings, peace, love, joy, health and prosperity.

It's up to you to choose the quality of life you will live, not God. How faithful YOU are with what you have determines if God can trust you with more. God is no respecter of persons (Acts10:34) Once you have given your life to Jesus you are under the same covenant and equal in opportunity with Abraham, David, Solomon, Jesus, Me.

There are no favourites, so rid yourself of the idea that God predestined some to be wealthy or successful before they were born whilst others He has chosen to be poor. That's kind of like saying God will forgive the sins of one thief and not the sins of another. We know that's not true. That, would make Him a respecter of persons which He isn't.

We know that God is faithful and just to forgive **all** sins (1John1:9) but in order to be forgiven, it is the responsibility of the person who sinned to repent. You are responsible for your own destiny. Just like it's your responsibility and not up to God to be forgiven, it's also your responsibility not God's that determines whether you're successful or not.

Faith WITH *Works*...**WORKS!!!**

So don't for a second think, that just because you are a child of God. You will get special treatment over a heathen in the market place. Whether it be at work or your own business. Statements such as, "I'm God's child so therefore that promotion or business contract is mine..." Is not gonna fly with God.

When I have a problem I want a service to solve that issue, I like to get the best I can get at the best possible value for money. I won't give someone my business just because they are Christian I give them my business if they are the best. People think Oh because I am God's Child I can carry on as normal and expect to progress. NO.

Solomon was likewise when He was building God's temple, He went for the most highly skilled craftsmen on the globe who strived for excellence. He didn't just go for people of His nation just because they were God's people. He wanted the best and was willing to pay top dollar for it.

You can't seriously expect promotion over a heathen, when you are deliberately slothful, very low in efficiency, not concerned about excellence and not very knowledgeable or skilled. I don't care if the heathen is unholy in every sense of the word. If they strive for excellence in work or in the market place guess who is going to get the promotion or win the bid for a business contract. The person who is the most skilled, who provides the best value at the best price. Not just the person who has the favour of God on them.

But if you are equal with the heathen in terms of skill and knowledge or God can at least see, you are doing your best as unto Him. I believe you will be favoured and blessed over the heathen in that case, but no other way. Otherwise that would give us the permission to be a bunch of lazy slob and prosper. That behaviour doesn't please God and He won't bless it. He detests it and consequences will be suffered for living that way.

But the good news is, you can develop those things, the skills and become valuable. Anything you don't know you can learn. And if you couple that with the supernatural on your side, you are destined to be leaps and bounds ahead of the heathen. God guarantees it.

So ask God to show you how you can make yourself more valuable to the market place or your place of work. When people see value in you they WILL pay for it. To become valuable you must be knowledgeable of your craft and skilful. That is how you add value. So invest in training to make yourself more valuable to your organisation or marketplace and you will climb up. And God WILL bless you because He wants the credit for it. ([Genesis 14:22-24](#))

"And thou say in thine heart, My power and the might of mine hand hath gotten me this wealth. But thou shalt remember the LORD thy God: for it is he that giveth thee power to get wealth, that he may establish his covenant which he sware unto thy fathers, as it is this day." Deuteronomy 8:17-18

Do all things so that your father be glorified. Heathens won't give God the credit for their success, even though it is because of the laws He set that they complied with which made them wealthy.

Faith WITH *Works*...**WORKS!!!**

Each servant in the parable of talents was entrusted with things in accordance with their level of ability, you are the one in charge of increasing that ability.

You may have heard a lot of teaching about the wealth transfer. If you want to know exactly how the wealth is going to be transferred listen carefully. Because this is unlike anything you have ever heard before. And No don't worry I'm not going to ask you to write me a cheque and I'll place a "special" blessing/anointing on you and then tell you will one day receive billions in your bank account. No I'm not after your money but after the manifestation of God's vision in your life.

The wealth of the wicked is laid up for the just, you will be shocked at the amount of people waiting for this wealth transfer from the wicked to the righteous. People sitting there sowing seeds into ministries saying they are waiting for the wealth transfer. Well for one thing the wealth transfer is not for the believers to get it and sit on it. We are too do good with it. There are corporations stacking up trillions of dollars and never touching it whilst people starve this is an injustice to mankind

Ecclesiastes2:26 says in NIV that, "To the man who pleases him, God gives wisdom, knowledge and happiness, but to the sinner he gives the task of gathering and storing up wealth to hand it over to the one who pleases God..."

The wealth is not moving to a lazy undisciplined unfaithful believer just because they are a child of God. Not happening, there are laws for wealth and they are still applicable they are timeless. The wealth will come to the believers complying with the laws. Yes God will put favour on them. But you can have favour and not do anything and the favour has nothing to work with.

But favour on a active believer will result in the wealth of the wicked being transferred to them. You have to understand the people who were wicked and accumulated wealth complied with the laws of wealth, it is unlawful for God to violate the laws he already set and take wealth from those using His laws (whether they are saved or not) and give it someone who isn't complying with the laws.

God can't do that. But now believers are complying with these laws and God will favour believers who are complying with the laws and the wealth will be transferred to those providing service to those in the world and the poor for God's glory for the Kingdom and seizing opportunities for His righteous cause. Not by some magic where all the money automatically transfers "itself" into all the believers bank accounts RUBBISH.

I know people personally who have already been receiving the wealth of the wicked in HUGE sums Hundreds of Millions (individuals) getting close to billions, nobody knows who they are. But these people are people of God and I can tell you they are not lazy people sitting around writing cheques to ministries waiting for something to happen.

They are out there in the market place being led and favoured by God. In unfathomable ways doors of favour have been opened to them and they are achieving in months what isn't achieved in years. They are not blowing it all on themselves. They are waiting to be told by God what to do with the money.

When you look at the story in 2Chronicles20 when the children of Israel won a battle, and stripped their opponents of all the wealth and spent three days gathering the spoils of war and still couldn't carry it all away. There is something I want you to notice...

Faith WITH *Works*...**WORKS!!!**

They had to wage war in fierce battle, whilst simultaneously allowing the supernatural God to add his super on their natural to help them win. But the point is they had to get engaged in warfare in order for God to actually gain victory over the competitors in the world. "He who is in you is greater than He who is in the world."

The truth remains that it is exactly the same in the world of business. There is fierce competition multinational conglomerates and monopolies. It can be intimidating but David and Goliath's story is proof that external giants are no match to you a small child with the omnipotent God living within you. You are more than a conqueror. He who is born of God OVERCOMES the world.

The only difference between the story in Chronicles was that the combat was engaged in battle, but we engage in business in the market place. It was only when the children of Israel *fought* (another action word) that they the got spoils of war, the wealth of the wicked. Those who stayed sitting at home didn't. You must set your hand to something and with God involved, you can take on businesses larger than you like the Israelites that took on armies larger than them, because He will grant you with supernatural direction, wisdom, favour and empowerment.

I'm also pretty sure the Israelites didn't neglect to train in developing the skills of swordsmanship in the regiments of their armies. Just like companies develop the skills of their employees.

The Kingdom suffers violence cos the righteous take it by force (Matthew 11:12) By what? FORCE (another action word.) With all the supernatural backing available in the Kingdom it must be triggered by faith and faith is triggered alive by your works.

~

Faith WITH works and the RIGHT MOTIVES...WORKS

I want to take this opportunity to give you a better understanding about, Luke 6:38 "Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be measured to you again."

What I want to help you understand is HOW it happens for Priests (Those in ministry) and How it comes true for Kings (Those In business/market place). I want to make the distinction clear because there is a difference.

Priests those in ministry teach that if you, "Give, it will be given unto you..." This is true. But there is confusion about how this is actually going to happen (the majority of the time). Many Kings (people in the market place) stay broke even though they give to ministries with the RIGHT motive, because they expect for the results of their giving to come the WRONG way. They think a cheque will just appear out of nowhere and they will get wealthy just because they gave.

They think this because this is a rare occurrence, which ministries tell them is common, the truth is, this is what happens frequently to ministries, they often receive finances from all over the place and never have a clue where they come from, they just know God supplies ALL their needs. Of course it will happen to a ministry, because that is what is supposed to happen, the Kings in the market place are supposed to give to the priests and this IS what is happening.

Faith WITH *Works*...**WORKS!!!**

That's brilliant, at least the ministry is ok, but what about the Kings how does Luke 6:38 happen for them?

Ministers are a bit mixed up they tell you, what happens to them and their ministry will happen the same for you. Well unless you are in a ministry where people give gifts to support you it's not gonna happen THAT WAY often enough to support yourself. It WILL happen but in a *different* way.

(That is not to say, that there won't be times when unexpected finance, that you didn't work for won't come to you, to bless you because it does, I'm not ruling it out completely but am saying, it isn't consistent enough, you can't rely on this as a means of making a living.)

I'm not nullifying the promise God made, if He said when you give, it will be given unto you. You better believe it's true and it will and does happen. I am merely saying there is a difference in how it will happen for Kings (the majority of the time), how it will work for priests. The principle is the same but the methods of manifestation can vary.

Both Kings and Ministers will experience men giving, good measure pressed down shaken together, the same measure they give with, it will be measured to them again. Ministers support the ministry and give to causes from the provision they get from the Kings. They give and it comes back to them good measure pressed down shaken together running over the same measure they gave with.

NOW PAY ATTENTION: The Kings give to ministries, ministers, other Kings and the poor and they receive back good measure pressed down shaken together running over the same measure they give with, but they receive it in the market place, MOST OFTEN... IT IS RARE that someone will just randomly write them a cheque for doing nothing.

Those in the market place, also have to give in another area to have men giving to them, they have to **give valuable service to the market place** and the same measure of quality and quantity they Give service is the same measure they will reap rewards of the harvest.

Prosperity in God's Kingdom comes by the giving of service. You prosper by being a server. The most prosperous people are those providing services! You prosper by service. How much you prosper will be directly related to THE VALUE of what you cause to happen for the benefit of other people!

Why do you pay someone \$6 an hour? Because that is the value people consider the service they render to be worth, in the market place! If you don't contribute much of what the market place considers to be valuable, then you don't get much money! Those are called the facts!

Well then how do you make more money? "Well I'll ask for a raise at my job!" Here's the problem with that, if the people employing you can't find a reason to justify paying you anymore than they are for what you are currently doing, then why should they! Plus you don't increase by just making demands! **It's easier to raise your value than ask for a raise!** I said it's EASIER!

Why not become more valuable, this way you are in control of how handsome your reward should be! The person being paid \$600 an hour is usually giving a service worth that! The value of the service they give demands \$600 because that's what it's

Faith WITH *Works*...**WORKS!!!**

worth to the market place! So ask yourself what should I DO to give value of \$600 an hour to people? Notice I said “do”

Become more valuable to people in the market place. Learn to work harder on improving yourself, so you can increase your value solving problems in the lives of others! It's all about increasing the Quality with which you serve, the quantity of people you serve and increasing the frequency of times you serve them!

When Jesus was asked who is the greatest in the Kingdom of heaven. He said, “If any man desires to be first, the same will be last of all and servant of all”

You work for satisfaction, you provide service to earn money...
WOWWWWWWWWW are you getting this???

You need to understand if you are not called to ministry you ARE called to minister to the market place, you are a King and your rewards come in different ways than to that of a priest. Yes you will receive money from men giving to you.

But ministries receive for providing service of a spiritual nature, they don't charge for things they receive offerings priest give freely the bread of life and it is our duty as Kings to minister to them to freely give of our substance. ([Galatians 6:10](#)) Luke8:3 talks about those who ministered to Jesus from their substance, “*And Joanna the wife of Chuza Herod's steward, and Susanna, and many others, which ministered unto him of their substance.*” In Matthew10:8 Jesus said, “freely ye have received, freely give.”

The Bible says that is the job of the kings, to support the priests and their ministries with tithes and offerings. You will notice there were 12 tribes of the Israelites, 11 were Kings and 1 was the Levites, tribe of priests. The priests didn't receive inheritance of the promised land because that was for the Kings who were to then minister of their substance to the priests! The priests received 10% of all the increase of the other 11 tribes of kings for their priest ministry! That's the priests, now for the Kings.

Kings meet the needs of those in the market place, where they charge for their services, when do you randomly see anybody go into to McDonalds to give an offering to the owner and its employees? It may happen but it is abnormal. Why because your not meant to sow offerings to McDonalds you pay for the value they give you, if you feel inclined to bless them for excellent service that's your prerogative it may happen but it's rare.

If you own or work at McDonalds don't expect to get wealthy by sowing an offering into a ministry expecting someone to just come into your office with a cheque. Expect God to give you supernatural favour with people and special insights that help you provide more valuable service on a larger scale by whichever means, as you continue to bless ministries as you ought to. (*With the right motives for Jesus sake and the gospels not to the gospel for your sake.*) Then watch your business increase exponentially!!!

I know for sure that this is the way it works. Because as ashamed and embarrassed as I am to admit this, I was like many Christians today. Who would give to ministries according to Luke6:38 & Mark10:30 with the wrong motive and with no works to trigger the manifestation of my faith, so my faith was dead.

I used to give and then write down what I gave and add 2 zero's to it thinking what I gave would come back 100 fold. Wrong motive and no works. I was without hope like so many. I would do this and so many others are stuck in the same rut doing the same. Writing cheques and claiming the 100fold return thinking God will speak to someone and they will come to them with a cheque saying God told me to give you this.

Nothing happened for me until I realised my place, position & platform, in the kingdom. I used to ask God when will I get my breakthrough, He would say, "you tell me." You see breakthroughs don't just show up, breaks are caused... (I'm pausing for a reason) Breaks are caused by us moving and as we move we approach opportunities that break us out.

So when God said, "You tell me.." I had the realisation, I needed to stop waiting depending on a breakthrough, because by breakthrough was dependant on me, so I DID SOMETHING. I acted how I was supposed to and things began working how they should. Luke6:38 began working in my life because I had faith WITH works accompanied by the right motives.

So many kings are stuck acting like priests. Until they act like who they are called to be, they will not progress. I'm not suggesting nobody will come and bless you out the blue, it does happen and it has happened many times to me and still does. But I don't kid myself anymore expecting to make a living by just giving to ministries waiting for my 100 fold return. I don't sow and sit expecting anymore. I sow (with the right motives) and act... I have added works to my faith and my faith is alive...

So what do you need to do... **FIRST** we need to repent, for chasing these false fantasies our impure motives and for not studying The Word diligently enough which would have never allowed us to be duped into not fulfilling the mission as God has commissioned us to do. His dreams have been planted in us and He needs us to make them happen. Whenever God made a move on earth He had to find a man. He looks to and fro for someone to show Himself strong in. (2Chronicles16:9)

SECOND if you are a king you need to make the necessary changes in your motives and actions. If you are priest, you need to repent and inform the kings in your

congregation apologise to them and set them on the right track and we both in the right lanes can serve one another and most importantly our Father so He can be glorified... AMEN

Lastly, before I draw "PART 2" to a close, we have been led to believe in the last days, things will be so bad we will all be up hiding in the mountains somewhere waiting for Jesus to come. While that may be the case for some. That's not the picture that has been illustrated by Jesus nor was it His instruction to us to be idle doing nothing. We ought to busy until He comes.

As Christians awaiting our Lord's return, we have developed this pack up shop, drop everything you are doing try and stay holy, so you are ready when Jesus comes... And in doing that, we have developed this sit and wait mentality. That's not what Jesus asked us to do.

Do you wanna know what HE said? He said, "GO into all the world preaching the gospel" He said, "Occupy till I come..." (Luke 19:13) That means do business, until I come you should stay occupied with things to do. When Jesus described what it would be like when He returns He talks about 2 workers in the field one will be taken to heaven, while the other is left behind (Luke 17:36). So this is proof we will still be working "occupied" when Jesus returns both saints and sinners alike will still be working. So this idea that we will all be hiding in the mountains unoccupied having left everything behind isn't the picture Jesus gave.

But we carry that mindset on into our daily lives about our life work. We sit and wait for things to happen. When we are the one's that are to make those things happen not wait for them. We wait for Jesus to come but we are the ones with the power to Hasten His coming because, according to His Word, He will not return until the gospel has been preached throughout the world (Matthew 24:14) and that is the commission He has given US to do (Mark 16:15), WE are supposed to do it.

If you are wondering where is Jesus? Why hasn't He come yet? You should be aware WE are the reason He hasn't. So the same can be said of our faith in other things. We ask God when is this going to happen and He turns round to us and says, "you tell me... when are you going to do something to make it happen..."

You're waiting on God and He is waiting on you, You are both waiting and until somebody moves (*that somebody being you*) nothing will happen. God moves when you move, He said draw nigh to me (and **then** He) draws nigh on to you. You make the first move in your physical world and He will reciprocate your action from the spirit realm. That's when your faith is alive and super charged with potent energy that will cause spiritual things to take on physical tangible form. Otherwise your faith without works is dead... AMEN

It's impossible to please God without faith, faith without works is dead so its impossible to please God without works. "We please God by what we do and not only by what we believe" (James 2:24 CEV).

Knowledge without application is as much use as being ignorant of the knowledge. When "(In)formation" is acted on it comes IN FORM. So plan your work and work your plan and you will achieve your hearts desires. Strivers will achieve, what dreamers only believe. Success does not respect talent or "SPECIAL" people it only respects consistent, diligent effort and perseverance.

I will leave you with a final thought, I didn't come up with it but I wish I did, because it's brilliant. You may have heard it before but it truly is significant, listen and listen carefully, "There is only 1 place on the planet where success really does come before work and that place is in the dictionary..."

It's been a great time we're learning so much... Stay tuned in, this is Elliot Odle and I will see you next time on **Part 3...**

(PART THREE)
RESUMED

Faith WITH *Works*...**WORKS!!!**

Hello and Welcome to Part 3... It's so good to be here with you once more, man, I wanna equip you with **everything** I can so you can be all God has destined for you to become. Now before we get started, I want YOU to make an agreement with me...

I want you to agree with me, that you will be a doer of The Word and that you will DO **every** one of the activities in the yellow boxes, in the transcript of this recording!

Now as I'm not in front of you and can't shake hands on our agreement! Here is how, we are going to do this... I'm going to stop and play some music, if you are still listening after the music, you have agreed with me, in the sight of God, that you are going to do the activities in the yellow boxes, this is serious!

This is for doers only! So if you agree to be a doer, keep on listening, if not stop this recording... Are we clear? Ok here comes the music...

~

Alright! So I'm so glad you have made this agreement with me! Congratulations, you are a person who does, you're a doer, I like doers and so does God, so welcome!

So I want to talk to you for another few moments on the subject of:

"Goal Achieving..."

Faith with Works is great and best of all it REALLY works. But to enhance your probability of actually accomplishing something, it's a brilliant idea, to set goals for yourself to achieve. Now I do have a special bonus for you, that you may have seen already called, "**The 5 ESSENTIAL Elements Needed To Accomplish ANY Goal You Want**" so this here should accompany that nicely... Now the first thing, I want you to DO.... is **get a pen & paper to write with...**

Now part of achieving goals is being content with what you have achieved thus far. You can't spend your time unsatisfied with what hasn't happened yet. Be grateful for what has happened already.

ONE THING I WANT YOU TO **TAKE NOTE** ON IS:

"Nothing becomes dynamic until it becomes specific..."

You can have thoughts and ideas in your head, but until you decide **exactly** what you want and what it means to you, in other words (*the purpose*) for it, you have a slim chance of making any of your thoughts come to fruition because passion is missing. I've learned that the things humans aren't all that passionate about, they don't tend to do for very long, they cave in and quit.

Make sure that whatever you set your hand to do, you are passionate about! When you are passionate enough you stick with something until, it manifests and stick with it to make it GROW! So then let me ask you this, **If you knew it was impossible to be anything other than successful at everything you do... What would you wanna do?** You may have something you want to do but haven't defined it yet. If you don't define it, you are aiming at nothing. If you aim at nothing, you will hit nothing.

Now pardon me for stating the obvious, but in order for a goal to be achieved... Obviously prior to that, a target must be set!

Faith WITH *Works*...**WORKS!!!**

A lot of people don't set goals and there are a number of reasons for this; But the main reason is because they fear failure or disappointment, looking at their goals, years down the line and haven't achieved them! There are many other reasons besides this, but for now... I want to concentrate on encouraging you to set goals and by setting I mean write them, then keep track of your progress! I have a good reason for telling you to do this.

You see an interesting study conducted a number of years ago revealed, some noteworthy statistics, which I KNOW you will benefit from knowing, should you decide to make the decision to follow in the footsteps of great achievers, after you hear what I have to say!

In this study done, on a leading class at a major university, the students were asked if they had WRITTEN goals, set for their lives 87% said they hadn't written goals, 10% said they had goals, but they hadn't actually written them! **3% said they had written their goals!**

Here's where it gets interesting! 20 years later, these same students were interviewed and ask questions about their lives. The 3% who had written their goals, 20 years ago, were worth more than the 97% combined who hadn't written goals!

Now that's just on the financial side of things, but I'm sure those people had goals in other areas of life to and were excelling beyond the rest of the 97% by a considerable margin! So there is something truly significant about actually setting goals AND writing them down! And I will add constantly reviewing them! *Those writing goals down, seem to be the same people accomplishing great things!*

Now I find this interesting, because in scripture The Bible makes mention of the significance in writing things down!

God said, *write* the vision on a tablet and it will come to pass. So I suggest you **Write** your goals down, and be specific about;

- #1 What you want it to look like.
- #2 How you want to do it.
- #3 Who will help you.
- #4 Who will hold you accountable.

We think sometimes we would be ashamed if we wrote down our goal and read it later or somebody else read it later and we haven't achieved what we wrote down. But Habbakuk2:2-3 quotes God saying, "...**Write** the vision, and make it plain upon tables... because it will surely come."

"...the LORD said... this they begin to do: and now nothing will be restrained from them, which they have imagined to do." Genesis11:6

Prosper where you are planted. Start DOING something towards achieving the goal, you have written, no matter how insignificant you think it is. Start something to get the momentum going, even if you think it is for something, which won't manifest until the distant future.

Faith WITH *Works*...**WORKS!!!**

If you aren't in the habit of *acting* like you ARE; where or who you want to be **RIGHT NOW...** as you are in the present, you aren't going to end up there. Because you're waiting to be who you want to be, before you start acting like it. It doesn't work that way, you have to be who you want to be-come before you become it. Do something everyday that is like the person you want to become.

Don't wait until you **are** where you want, to do what you say you will do when you get there. Do something about it now, even if you don't have the resources now, do something towards its achievement. If you need money set up a bank account or create an envelope and start depositing money towards that dream. Name the account after the thing you want to do.

1. Work out how much money and time you will need to achieve that goal...
2. When you start accumulating money start deducting how much you have from the total. It will begin to excite you, every time you see that number decrease...
3. Write down the date you want this to happen. Not when you think it's possible by natural means, put when you want...

Write this all down, this is following Kingdom's instructions. "**Write the vision...make it plain, it will come...**" Watch the Kingdom make things you can't see work on your behalf to make things happen unexpectedly to make your vision come to pass. This is exactly how you *prosper where you are planted*. Too many are putting things off till when they either have more or time or more money. Start making the money and the time available. We make provisions for what is important to us.

Start at the end of what you want to achieve and work your way backwards. And then Start right where you are. If I were you, I would write down a list of everything you want to achieve, learn or be in life... And the areas you wish to develop or improve, here are some suggestions;

Career, skill improvement, time usage, fitness, health, relationship with God, relationship with people, finance, own a house, business or ministry goals, management skills, leisure/hobbies, be it sports, travel, maybe you've seen people doing something which you have always wanted to learn...

Sing, surf, ski, play an instrument, fly a plane, dance, learn to drive, maybe somebody has told you about a nice place to visit and you want to see it for yourself! If you're a thrill seeker maybe you want to do a sky dive, bungee jump, if you're a sprinter you may want to run 100m within 10 seconds, slam dunk, whatever it is write it down...

NEXT I want you to go through the list and decide when you want it to be done. Write the time you want to do it. Write a number equal to the number of years you want it accomplished by, next to each list item, for example a 1 would represent 1 year. Prioritise by what is most important, to you, Keep this list to be reviewed.

NEXT Take the 1 year goals and make a date for when you will have it done AND when you'll start doing it. Then do something towards achieving your goal, buy a book, book a lesson, make an appointment. Think about what you have to do to make this happen. If you want to learn to play an instrument. Find a teacher pick up the phone Make a booking. DONE... Now you're doing it. You have achieved you're goal. Tick that item on the list.

This is what builds your confidence... As you have more and more ticks on your list. Your confidence grows in this method of doing things. You'll look back at the things you have achieved. And say to yourself, "Look at all this, I am an Achiever..."

You will find yourself achieving 80%-100% of everything you write down. If something doesn't go how you want it, don't be alarmed. We make mistakes because we are human beings; even the greatest among us make mistakes. It happens. If you don't get a goal done this year, that's Ok, put it down for next year.

Focus On What's Going Right, What are the Positives... Think like a champion. Achieving goals becomes so much easier when you focus on the progress you have made rather than the progress you haven't made and by that I mean, how you think about the progress positively. The only time you focus on what isn't done yet, is when you are actually doing something to get it done.

Now in setting out to accomplish anything. God is with you & when He is everything under your influence flourishes. What we regard as failure. God regards as a lesson or an experience. Everything we set our hand to prosper could mean, that when we set our hand to do something and it doesn't work out the way we wanted. That really was prosperous for us. You learnt a prosperous lesson. Had it worked out, it may not have been all you thought it to be. *There is a way that seems right to a man but at the end of the path is destruction.*

So really that experience appearing as failure, was actually serving you and it not working out how YOU wanted was you putting your hand to work and it's seeming failure was actually making the overall plan prosper in the BIG picture.

Sometimes we think that if we do everything right, everything will fall in place. What I have discovered, is that what is "supposed" to fall into place, WILL fall into place. Even with rejection, when you are working as unto God things will work out.

Make Your Goals Motivating... By that I mean attainable. So attainable that you can begin where you are now. When you set a goal so outrageous that you seriously know is currently out of your depths. You will be de-motivated when you keep the goal there and don't achieve it. Elliot what about faith, I believe, I can do anything. If you have a goal so big, that you need faith, that is brilliant, I encourage that every goal you have should require faith.

Have a big goal that is fine, you need to now figure out, what can you start with, that is smaller that contributes toward the BIG goal. **Break down, the big goals into smaller chunks.** Build your confidence, by achieving small goals.

Progress is made ONE step at a time, houses are built brick by brick, a race is one step by step. Every big accomplishment is achieved with a series of little accomplishments. This step by step methodology is really the only *intelligent* way to accomplish anything.

Sometimes when you look at certain individuals, it may appear that success was accomplished overnight. To some Joseph went from prisoner to Prime Minister in a twinkling of an eye. The reality is there was a considerable period of time and a series of accomplishments from when he was sold by his brothers into slavery to becoming Prime Minister.

Faith WITH *Works*...**WORKS!!!**

My point is when you look deeper into each situation of seemingly sudden success, there was a lot of groundwork and momentum in place before it came to light above surface. Solid foundations were laid first, otherwise their success would fall as quickly as it was attained. Wealth acquired by vanity or hastily WILL diminish the scriptures say. (Proverbs 13:11; 20:21)

Each month you should have something set that you want to accomplish and break this down into daily tasks. Each month will contribute to a year by year improvement. The transition will be huge but achieved step by step. Next time you see somebody living their dream remember they didn't start that way, they more often than not implemented consistent effort day by day, acquiring new habits and breaking habits till the process was complete and vision fulfilled.

INTRODUCE YOURSELF To People... People say, when it comes to making it in this world, "It's all about who you know..." Well you may know a lot of people, but they don't have a clue who you are or what you are about, I'm of the belief that, "**It's all about who knows you...**" Progress comes with working with people.

Affiliates, partners, customers, friends, family etc are all people and through these people is where your progress will come from. All manifestation of any dream materialises by connections with people coming to life.

Now don't just see people as a means to get something from them. Help other people get what they want and you will get what you want. When you focus on satisfying you, nothing comes of it. Focus on others and what you want will come to you... God promises that in Ephesians 6:8 "Knowing that whatsoever good thing any man doeth, the same shall he receive of the Lord, whether he be bond or free."

In whatever business you are in, in order to excel, you are going to have to be into some heavy duty networking. I heard someone say, "I believe your network will have a lot to do with your net worth."

I've talked about the importance of networking in greater detail in the **FAITH BOOSTER** called, "**YOU ARE...Highly Favoured of God**" but I thought I'd make brief mention of it here. Never underestimate anybody or consider anyone as insignificant, that person could be your gateway to a multitude of opportunity.

One thing I promised myself was to, "**Be Everywhere ALL the Time, Letting People Know I Exist, Live Out Loud, Be Forth Coming and Introduce Myself At Every Opportunity...**"

Keep in contact with the people you introduce yourself to and don't just call them when you want something. If they are people you know you won't be dealing with, on a regular basis, be sure to make contact with them at least once every six months.

Invest Your Time In Profitable Ways... Make your time profitable. If what you are doing is not profitable, stop it. Begin doing something profitable.

It's interesting how we want the results for things now. Whilst we happily have the habit of putting things off till, "later," "sometime," "tomorrow," "next week." These are all sheep's clothing for the wolf called "NEVER." Promise yourself and God right now, that you will never again leave anything for tomorrow that you CAN do RIGHT NOW. Now if you are promising God something, you had better take it seriously. So ask Holy Spirit to remind you of this. If there is anything you CAN do now you have to do it.

Faith WITH *Works*...**WORKS!!!**

If you're not in the mood for whatever it is. I can promise you if you just start doing it, telling yourself, you'll just do it for a few minutes. After a few minutes you will be in the mood and you will be in the right state to continue for an hour. You can actually trick yourself into doing an hours work!!! By saying, "Oh I'll just do it for 2 minutes." Next thing you know you are in the mood and in a full swing of action. I know this works, because it works in the negative, when we say, I'll watch TV for 2minutes, what happens? 2 hours you're still in front of the TV, thinking Oh I'll do it tomorrow.

Another way we waste time is, "pretending" we are getting ready to take some action and we spend a few minutes getting ready. We decide to have a snack for some energy to do what we want to do, then we get thirsty so we get a drink. We decide we want a little light entertainment while we have our snack & drink, so we switch on the TV for some leisure before we "work." We decide we will stop watching TV in the break. But it got so interesting we decide to watch the whole programme.

As we flick in the break we see another programme we like is coming on. So we decide to watch that while having dinner. Then we decide we need to actually cook dinner. We end up watching our programme after dinner. We wash the dishes and we are too tired. We decide we can do it tomorrow and before we know it the day is over, we have done nothing. Sound familiar?

We spend too much time pretending to prepare to take action. There is no such thing. Use the get ready time and get into action. You will be finished before you know it and you can do all the things you enjoy afterwards. Yes you might miss a few things. But you can go to bed that night with the satisfaction you achieved what you had hoped to that day.

The worse thing you can do when you are "about to" do some work is turn on the TV. It's very seldom you will actually follow through after with some action. The worse thing you can do during your activity is to turn on the TV. 20 Minutes off work can easily turn into 45-mins. My advice to you, leave the TV for leisure time ONLY.

Discipline and manage how you handle your time. The truth is, in reality we manage our time not according to scheduling but according to what is a priority what is important to us. There is no such thing as not having enough time. We make time for whatever is important TO US.

Take a look at www.GodAnswersYes.com/2HourWorkDay.html you will discover how, you can begin working the hours of the laziest person and get the same results the biggest workaholic would desire... You'll learn, The Secrets to how YOU CAN maximise your quantity of achievements in the shortest record shattering time...

You Must Have Possession of Undying Obsession With Your Goal...

Uncommon success and true fulfilment requires a passion you are absolutely obsessed with. In truth you will only put your heart and full efforts into something you are passionate towards, accompanied with a fervent desire to accomplish something. Otherwise it's not something worth pursuing.

Your passion is where you, have the personal satisfaction, whilst earning money at the same time. I have a little phrase I say to people, "If you do it for fun then you should do it for funds..." If your work is doing what you LOVE, you'll never have to work another day in your life! You will still want to do it even AFTER you have become rich and have everything you want that money could buy.

Pursuing something for money that you are not passionate about is just chasing money. You will get tired. That's why I recommend you follow your passions, you create something and you will be persistent and adamant in making it work. Because it's your baby you will look after it, nurture it and make it grow. You'll see it through till it is, what you want it to be. You will have a vision for this thing and will work towards to it.

You're not helping yourself, if you keep getting principles without vision. Until you have vision you will just be empty with no substance struggling to make a quick buck. People smell a rat from miles and are repelled by them. When you have a vision you are passionate about CONGRATULATIONS you just cranked up your probability of being successful and most importantly a guarantee of longevity. This is one of the shocking secrets Guru's won't tell you for selfish reasons too numerous to mention.

Sincere passion is one of the fundamental foundations you must build upon. Doing something that fulfils you is what you want. Because you are becoming successful helping people at something you love. The wealth that comes as a result is a by product and it is not meant to fulfil you but assist you in expansion and serving on a greater level, worldwide far beyond your physical presence.

The vision is what fulfils you and gives your soul this warm feeling of genuine satisfaction. What we all ultimately want is to FEEL GOOD be at peace, happy and joyful. This can't be achieved by obtaining material things that have no substance.

All of us have desires and dreams of what we REALLY want to do or be. But so few of us actually surrender to these things and follow this purpose that has been planted in us. Instead of surrendering to our dream to nurture it, we murder it.

This is why God has **look** to and fro looking for someone to show Himself strong in, because if we all surrendered He wouldn't have to look very far. God is with you so don't be afraid to pursue your desires. You see, one person with God is a majority. You're in tune with the architect of the universe, with the power that sustains everything. That's where your awesome power comes from. The spirit realm does everything **with** and **through** you.

We need to have our eyes focused on a vision we are passionate about, because this is where our energy comes from to be persistent and see manifestation. When you surrender to your vision, your subconscious mind works on the ways to see that vision fulfilled. Your vision will make you sensitive and perceptive to recognise every-thing/force that will bring the vision to tangible reality...

Are You Ready To Take Action On The Vision God Gives You?

You should be... and you should start NOW. Get excited about it, genuinely excited. If you don't have a vision yet. Seek God and find yours and then come back and listen to this section again. But when you have that vision, or even if you have a goal to accomplish get started. Listen to what The Bible says, "*If the clouds be full of rain, they empty themselves upon the earth: and if the tree fall toward the south, or toward the north, in the place where the tree falleth, there it shall be.*" (Circumstances are just circumstances, they will always be there, whatever happens, happens, that's not what is important)

He that observes the wind (considers obstacles and the circumstances) *shall not sow* (He will procrastinate in making the vision come to pass. So don't take notice of the circumstances they should not dictate to you, what you can or can not do. They are not the truth. They may have authority now, but don't take the authority as truth, take THE Truth (God's Word) as authority)

As thou knowest not what is the way of the spirit, (You don't see all the action being taken on your behalf in the realm of the spirit behind the scenes)... (Just like you don't know) *how the bones do grow in the womb of her that is with child: even so thou knowest not the works of God who maketh all* (prosper).

(So regardless of the circumstances make your move) *In the morning sow your seed, And in the evening do not withhold your hand;* (Be diligent at all times) *For you do not know which (action you take) will prosper* (and bring your breakthrough), *Either this or that* (It could be anything) *Or whether both alike will be good."* Ecclesiastes 11:3-6

A man by the name of Edward Burke said, "*Nobody makes a greater mistake than he who did nothing because he could only do a little.*"

Whenever you find yourself, indecisive about whether or not you should take action to do something, invest in something, say something, whatever it is, instead of being led by your emotions, or allowing excuses to hinder you, you have to teach yourself to ask yourself this question, "*If I act on this (regardless of where you are now) If I act on this, Will this ethically bring me in the direction of what I intend to accomplish?*" If the answer is YES DO IT and DO IT NOW...

If you have a good idea that you're really not sure about but you think it will contribute towards accomplishing what you set out to achieve write it down, if after a week you still think it's a good idea, put a team together and execute it. I think you should have a team working with you. Someone in that team should be an accountability partner.

YOU MADE IT TO THE END, thank you so much for listening and promising to be a doer... My prayer is that you are truly empowered, inspired and better equipped to achieve what God has predestined you to be... This Elliot Odle

Faith WITH Works... **WORKS!!!**

Stay blessed, I'll be in touch... I love you, Ciao
